

Harshda Gargi

B.Tech in Information Technology (2023–2027)

harshdagargi@gmail.com | [GitHub](#) | [LinkedIn](#) | Hajipur, Bihar

Profile Summary

Enthusiastic IT undergraduate skilled in frontend development (HTML, CSS, JavaScript, React.js). Proficient in Data Structures and Algorithms (C++) with strong problem-solving skills. Strong communicator and team player, eager to apply knowledge to real-world projects.

Education

Muzaffarpur Institute of Technology - B.Tech in Information Technology	2023 – Present
Siyaram High School (BSEB) - Intermediate	2021 – 2023
Saraswati Vidya Mandir - Matriculation	2021

Technical Skills

- **Programming:** C, C++, Python, JavaScript
- **Core CS Fundamentals:** Data Structures & Algorithms, Operating Systems (Basics), Computer Networks (Basics), Database Management Systems (MySQL)
- **Web Development:** HTML5, CSS3, React.js, Node.js, Express.js, REST APIs
- **Databases:** MongoDB, MySQL
- **Cloud & Deployment:** AWS, Google Cloud, Netlify, Vercel
- **DevOps (Basics):** Docker, CI/CD Fundamentals
- **Data & Analytics:** Pandas, NumPy, Data Analysis, KPI Tracking
- **System Knowledge:** Basic understanding of Distributed Systems, Scalable Architectures, Client-Server Models
- **Tools:** Git, GitHub, Figma

Experience

Internship – Web Designing (NIELIT)	June 2025 – July 2025
-------------------------------------	-----------------------

- Designed and Improved responsive web pages using HTML, CSS, and JavaScript.
- Learned practical aspects of frontend development and UI/UX design.
- Awarded Grade S (above 85%) for outstanding performance during the internship

TCS iON Career Edge – Young Professional Program (TCS)	January 2025 - February 2025
--	------------------------------

- Gained training in communication, presentation, and professional skills essential for career growth.
- Learned resume writing, interview preparation, business etiquette, and IT fundamentals.
- Improved overall soft skills and workplace readiness for professional environments.

Projects

Movie Search App

- Developed a responsive movie search application using HTML5, CSS3, and JavaScript.
- Integrated OMDb and Watchmode APIs to fetch real-time movie data including posters, ratings, and recommendations.
- Enforced localStorage for wishlist persistence.
- Boosted user experience by handling asynchronous API calls using JavaScript (Promises/Async-Await).
- Executed error handling and fallback UI to manage missing or inconsistent API data.

Typing Speed Test App

- Developed a typing speed test app with WPM and accuracy calculation.
- Applied timer, error highlighting, and results dashboard to enhance user experience.
- Enhanced typing accuracy tracking with real-time feedback.

Certifications

- Programming Essentials in Python – Cisco Networking Academy and OpenEDG Python Institute
- GeeksforGeeks – 160 Days of Problem Solving
- Forward Program – McKinsey & Company
- Cyber Suraksha Awareness Program – Cisco
- Web Development Internship – Skill Darpan
- Software Engineering Job Simulation – Goldman Sachs (Forage)

Additional Information

Soft Skills: Problem Solving, Teamwork, Communication, Leadership, Adaptability, Time Management

Languages: Hindi (Read, Write, Speak), English (Read, Write, Speak)

Achievements: Participated in Viksit Bharat 2025 Quiz organized by Government of India (MyGov) and actively engaged in coding challenges and problem-solving contests on platforms like GeeksforGeeks and Hackathons.
